

Phase 2 — Autoware today, one box per stack

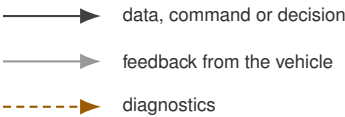

Every node of phase 1 merged into the stack it belongs to, and every link merged with it.
This is the picture the Safety Island changes; phase 3 shows the same boxes after the change.

Stacks — the colours of ArchitectureMain.pdf

Merged links

One box per stack, one arrow per merged link. The diagnostics bus is drawn once rather than as one stub per stack; every stack publishes to it. Phase 1 is the same graph with all of its nodes shown.
